FOR IMMEDIATE RELEASE

SECURITY HORIZON IS A SPONSOR FOR LOCAL INFORMATION SECURITY EVENT

Security Horizon proud to be a sponsor for March ISSA event

Security Horizon is proud to announce they will be a sponsor for the March ISSA event in Colorado Springs on March 25, 2009. The March Event this year will be focusing on 'Demystifying Security for SCADA' and will be held at Colorado Technical University.

Shane Morris, a Senior Security Consultant for Security Horizon, will also be speaking at the conference about "How to perform SCADA assessments using the IAM and IEM".

More information about the event can be found on the local ISSA's homepage at www.issa-cos.org.

Brian Kirouac, CTO for Security Horizon comments "We are proud to be first time sponsors of this local ISSA event. Our staff has been very active with the local chapter and we feel this is another great way to support them."

About Security Horizon: Security Horizon, a veteran-owned small business, was founded in 2000 by information security professionals with extensive backgrounds in commercial, United States Government, and Department of Defense (DoD) environments. Security Horizon offerings include security assessments and network vulnerability evaluations, penetration testing, security policy development, and National Security Agency (NSA) INFOSEC training courses and appraisals. Many of our consultants hold high-level security clearances and our experience includes work with the NSA, Defense Information Systems Agency (DISA), United States Navy (USN), and the United States Air Force (USAF). Security Horizon is headquartered in Colorado Springs, CO.
