Greg Miles to be Honorary Chairman of NRCC Business Advisory Council

Colorado Springs, CO – March 24, 2005 – Security Horizon, Inc., is proud to announce Dr. Greg Miles has been selected as an Honorary Chairman of the National Republican Congressional Committee’s (NRCC) Business Advisory Council (BAC) for the State of Colorado. The BAC is a small, prestigious group of business leaders who have joined with the NRCC to advocate a progressive, conservative, pro-business agenda. Members of the BAC are selected from a pool of key business leaders throughout the country who demonstrate qualities to include successful entrepreneurial skills, the commitment to conservative business principles, the ability to display leadership skills in managing a business, proactive communication skills, and a cooperative attitude and ability to generate positive working relationships. In his new role, Dr. Miles will play a critical role in the shaping of government reform, particularly with respect to small business.

Dr. Miles is a Co-Founder, President, Chief Financial Officer, and Principle Security Consultant for Security Horizon, Inc. He is a United States Air Force veteran and has served in military and contract support for the National Security Agency, Defense Information Systems Agency, Air Force Space Command, and NASA, in addition to serving in various information security positions throughout his career. He has been published in multiple periodicals to include “The Security Journal” and “The International Journal on Cyber Crime” and has co-authored *Security Assessment: Case Studies for Implementing the NSA IAM* (Syngress, ISBN 1-932266-96-8). He is also an instructor for the University of Advancing Technology (UAT) in Tempe, Arizona, in the network security department.

About Security Horizon, Inc. – Security Horizon, a veteran-owned small business, was founded in 2000 by information security professionals with extensive backgrounds in commercial, United States Government, and Department of Defense (DoD) environments. Security Horizon offerings include security assessments and network vulnerability evaluations, penetration testing, security policy development, and National Security Agency (NSA) INFOSEC training courses and appraisals. Many of our consultants hold high-level security clearances and our experience includes work with the NSA, Defense Information Systems Agency (DISA), United States Navy (USN), and the United States Air Force (USAF). Security Horizon is headquartered in Colorado Springs, Colorado.
