Security Horizon Awarded GSA Schedule

Colorado Springs, CO – January 26, 2004 – Security Horizon, Inc. today announced their award of a General Services Administration (GSA) Federal Supply Schedule Contract, GS-35F-0228P for Security Services and Training under the IT Professional Services under solicitation FCIS-JB-980001-B (revision 2). The GSA schedule gives U.S. Government organizations an opportunity to contract for Security Horizon Services and Training through a pre-negotiated contract.

“Although Security Horizon has historically offered services and training to both U.S. government and DoD customers, this GSA Schedule allows current as well as prospective customers to more easily utilize our expertise,” announced Russ Rogers, CTO and CEO of Security Horizon, Inc.

About Security Horizon, Inc. – Security Horizon, a veteran-owned small business, was founded in 2000 by information security professionals with extensive backgrounds in commercial, United States Government, and Department of Defense (DoD) environments. Security Horizon offerings include security assessments and network vulnerability evaluations, penetration testing, security policy development, and National Security Agency (NSA) INFOSEC training courses. Many of our consultants hold high-level security clearances with the DoD and our experience includes work with the National Security Agency (NSA), Defense Information Systems Agency (DISA), United States Navy (USN), and the United States Air Force (USAF). Security Horizon is headquartered in Colorado Springs, Colorado.
