Russ Rogers to Receive 2003 NRCC National Leadership Award

Colorado Springs, CO – September 3, 2003 – Security Horizon, Inc., is proud to announce Mr. Russ Rogers has been awarded the National Republican Congressional Committee's (NRCC) prestigious National Leadership Award for 2003. In addition to this award, Mr. Rogers will also serve the State of Colorado as Honorary Chairman of the NRCC Business Advisory Council (BAC). The BAC is a small, prestigious group of business leaders who have joined with the NRCC to advocate a progressive, conservative, pro-business agenda. Members of the BAC are selected from a pool of key business leaders throughout the country who demonstrate qualities to include successful entrepreneurial skills, the commitment to conservative business principles, the ability to display leadership skills in managing a business, proactive communication skills, and a cooperative attitude and ability to generate positive working relationships. In his new role, Mr. Rogers will play a critical role in the shaping of government reform, particularly with respect to small business.

Mr. Rogers is the CEO and CTO of Security Horizon, a Colorado Springs-based information security professional services firm. He is a technology veteran with over 12 years of technology and information security experience. He has served in multiple technical and management information security positions and is a United States Air Force veteran.

About Security Horizon, Inc. – Security Horizon, a veteran-owned small business, was founded in 2000 by information security professionals with extensive backgrounds in commercial, United States government, and Department of Defense (DoD) environments. Our offerings include security and network vulnerability assessment, penetration testing, security policy development, and National Security Agency (NSA) INFOSEC training courses. Many of our consultants hold high-level security clearances with the DoD and our experience includes work with the National Security Agency (NSA), Defense Information Systems Agency (DISA), United States Navy (USN), and the United States Air Force (USAF). Security Horizon is headquartered in Colorado Springs, Colorado.
