

Student Referral Program Registration Form

If you've already attended an NSA IAM or IEM courses offered by Security Horizon, you could be pulling in FREE books from Syngress Publishing just by referring your friends to our courses. For every friend you refer to our courses that attends and pays for the course, you'll receive 1 (one) FREE book from Syngress with a cover price of \$69.95 or less.

Please complete the following information and provide to the potential student you are referring.

Name of the person making the referral: _____

Dates you completed a Security Horizon IAM/IEM course: _____

Location you completed a Security Horizon IAM/IEM course: _____

Complete address where you want your book sent:

Phone Number for Questions: _____

Your selection of Syngress Book (www.syngress.com)(cover price \$69.95 or less)

Book Name: _____

ISBN: _____

Name of the person you are referring: _____

The Rules:

- Complete this form in its entirety and give to the person you are referring to submit with their IAM/IEM registration package.
- The referred student must register, pay for, and complete either the NSA IAM or IEM offering from Security Horizon, Inc.
- The student must provide the Referral Form, containing your name, dates you attended our course, city you attended, and your selection of book at the time of registration.
- The referring student must have attended a Security Horizon offering of the NSA courses.
- Only one referral per new student is valid.
- Any referrals for students who have already registered for a course are not valid.
- You can refer as many individuals as you like, but you will only receive the FREE book based on those students who actually register, pay for, and complete a Security Horizon offering of the NSA courses.
- Referred student must attend training within 6 months of the referral or it will expire.

**This promotion can be modified or terminated at any time by Security Horizon. All referrals received prior to the announcement of the termination of this promotion will be honored.*
